China's Ban of Citizens with Bad "Social Credit" Update

- **Summary:** Chinese authorities are monitoring citizens' and business' "social credit system" and pulling travel privileges from those who have low scores
 - Only domestic
- **Infractions include:** spreading false information about terrorism, using expired tickets, smoking on trains and failing to pay fines.
 - Can also do good things to increase score
- **Convictions:** 12 million people have already been convicted
- Will be fully implemented in 2020
 - May widen its use of social media and video games
- In effect because China doesn't have a credit score system
